Talk About

SETBIM&IT

Sri Guru Tegh Bahadur Institute of Management and Information Technology was established in 2008 by Delhi Sikh Gurdwara Management Committee (DSGMC), which is running a large number of educational institutes, besides carrying out large number of religious and social activities. SETBIM&IT is a degree level institute, approved by Directorate of Higher Education (Govt. of NCT of Delhi), certified by ISO 9001:2015 and affiliated to Guru Gobind Singh Indraprastha University, Delhi. The Institute aims to promote excellence in professional education, research and extension work in the emerging areas of higher education in Management, Banking & Insurance and Information Technology.

Courses offered by the institute are BBA(Gen.) (1st and 2nd shift), BBA(B&I) (1st and 2nd shift), BCA (1st and 2nd shift), Bcom (1st shift). It is a place of learning for knowledge driven learners. It has been built with an aim to impart education that surpasses the benchmarks of excellence.

About

FDP

"The essence of teaching is to make learning contagious, to have one idea spark another."
Marva Collins

The Programme aims at enhancing the academic and intellectual environment in the institutions by providing faculty members with enough opportunities to pursue research. The FDP relies on a variety of learning settings like classrooms, workshops and seminars, and a participatory approach to learning. There is an emphasis on the case method of teaching and learning, other educational methods such as lectures, group exercises, management games, and presentations are also used. Computers, statistical tools and audio-visual aids complement these methods. Participants are encouraged to develop insights into curriculum planning and academic administration. The FDP requires a high level of effort from the participants in terms of individual preparation as well as working in groups. The program uncovers case-based methods of teaching and helps the participants in developing the skills in preparing cases to be used for their classes. To be effective, it is critical for teachers to have (i) An in-depth knowledge of general teaching principles (ii) A practical understanding of necessary pedagogical techniques and research skills (iii) Awareness about latest research and industrial developments in their specialized areas. Faculty development has become a priority at many academic institutions as a way to improve the quality of academic programs and to respond to emerging faculty, student program, and industry needs.

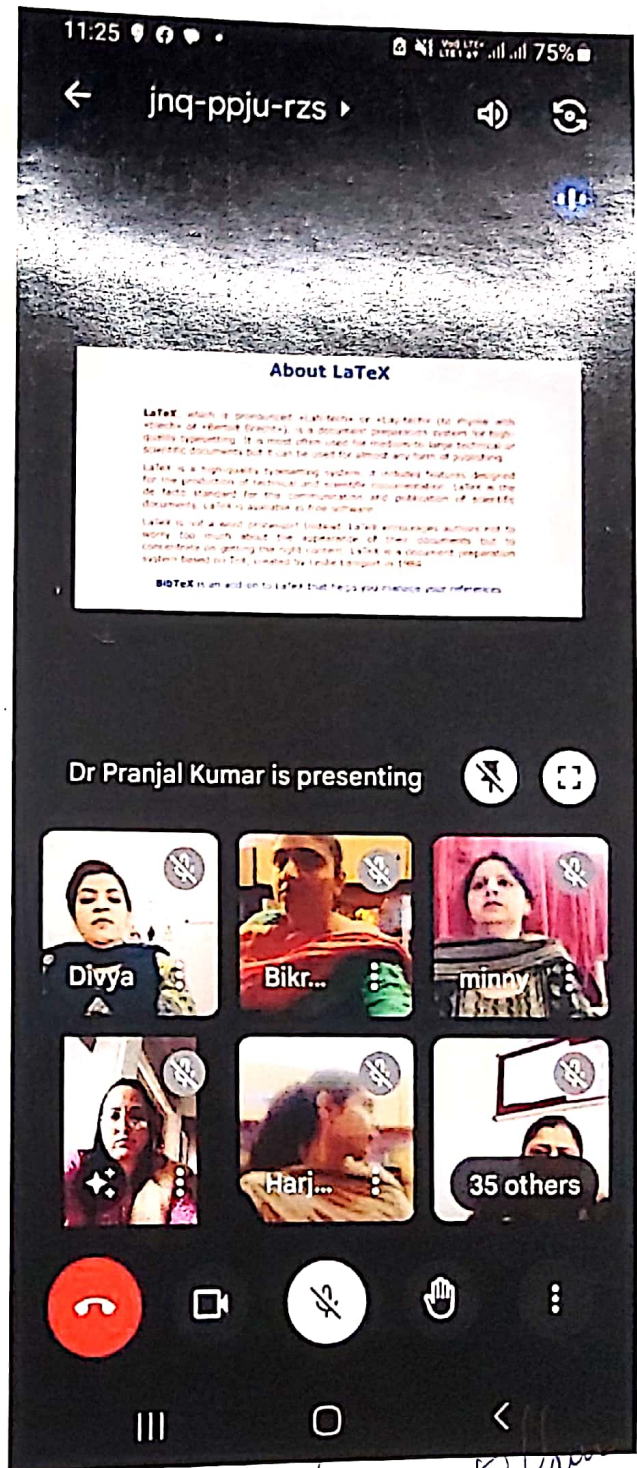

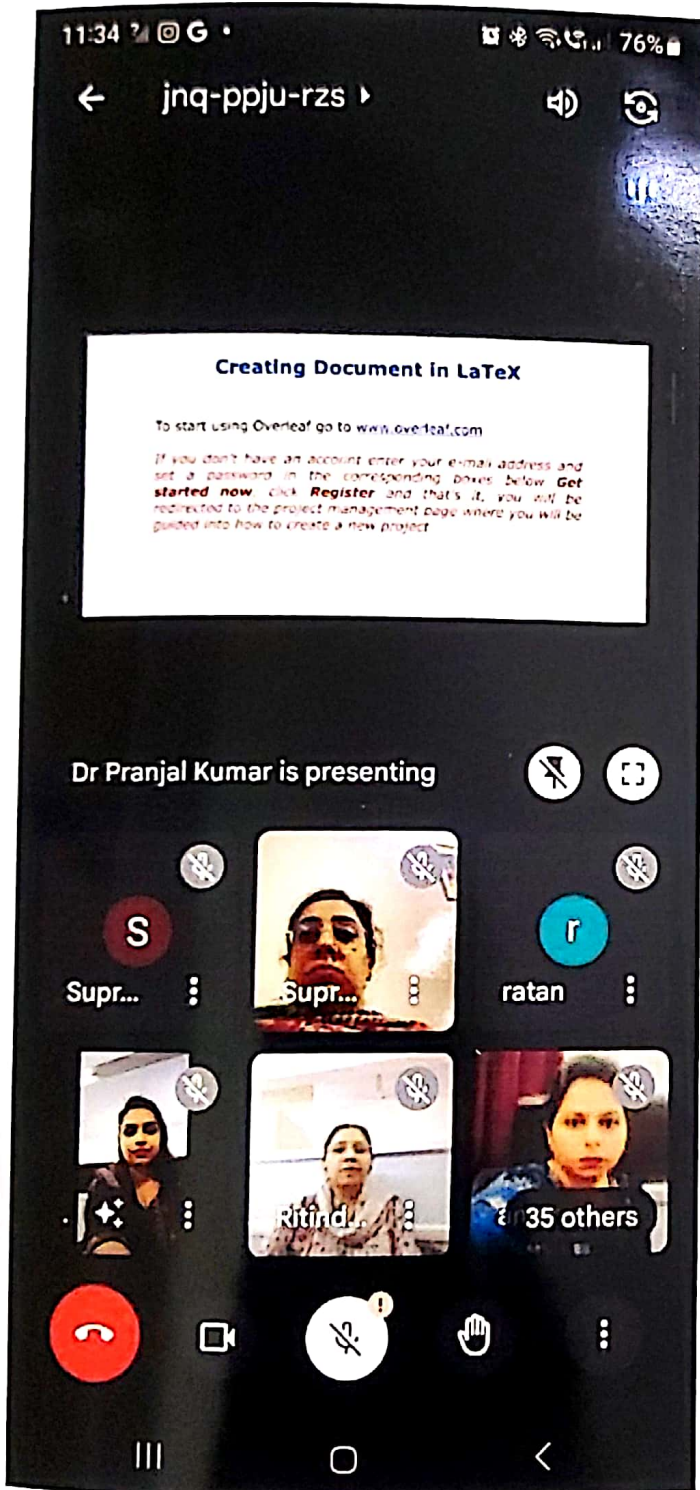

Let's Get To

TOPIC OF FDP

Catalysing Quality Academic Research in diverse fields as per guidelines of NEP:

One of the principles of the NEP-2023 is Promoting High Quality Research, as a pre-requisite for providing Outstanding Education and growing and sustaining a large and vibrant Indian economy. Recognizes the need for a Robust Ecosystem for interdisciplinary research to address the problems of the Country (Economy, Industry and the Society), particularly during current situation. Evidence from the World's Best Universities shows a strong correlation between the culture of research and knowledge creation and teaching-learning processes. Enabling Initiatives include funding support thru NRF and motivation of faculty by giving more weightage to research in their Career Management System. Public trust in Academic Research and its output is essential. Quality, impactful, and ethical research, with focus on publishing the outcomes in high-quality journals. Culture of responsible and quality research, supported by robust policies, procedures and processes together with a go-forward attitude. Research Integrity across the Research cycle - Selection of Research, Research Design, Conducting Research & Documentation and Dissemination of Research.
